

**Important Message – Electric Vehicle Rentals Not Allowed**

Dear USF Travel Community,

Please note we have received directions from the Florida Department of Management Services that the state does not allow rental of electric cars for its agency travelers currently.

We understand that this may be an inconvenience for some, and we will continue to work with the state agency and send out further communications should anything change. In the meantime, we appreciate your understanding and cooperation in adhering to this direction.

Thank you for your attention to this matter and for your continued support in staying compliant.
