12-month Enrollment Overview

The 12-Month Enrollment component collects unduplicated student enrollment counts and instructional activity data for an entire 12-month period. Using the instructional activity data reported, a full-time equivalent (FTE) student enrollment at the undergraduate and graduate level is estimated. NCES uses the FTE enrollment to produce indicators such as expenses by function per FTE as reported in the IPEDS Data Feedback Report.

Data Reporting Reminders:

- All institutions must now use the July 1 - June 30 reporting period. There is no longer the option of using the September 1 - August 31 reporting period.

- Institutions are now required to report using the new race/ethnicity categories. Using the new categories was optional in the Fall 2008, 2009 and 2010 collections and is required in the current Fall 2011 collection. For more information, visit the Race/Ethnicity Resource Center

- Institutions must continue to use the new postbaccalaureate degree categories. All postbaccalaureate students are to be reported as graduate students for enrollment purposes, including any doctor's-professional practice students (formerly first-professional).

FTE estimates are calculated using an FTE Calculation Method based on the instructional activity hours reported above and the institution's calendar system. The estimated FTE student enrollment is:

	2010-11	Prior year data
Undergraduate student FTE	3,558	**3,676**

Total FTE students	3,916	**4,042**

Calendar system (as reported on the prior year IC survey component):	**Semester**

If the calculated FTE estimates are reasonable, click 'No' below and save the page.

If the FTE estimates are not reasonable, **AND** you have reported the correct instructional activity hours above, click 'Yes' below and save the page. The system will then give you the opportunity to report a more accurate FTE. This option should be used **ONLY** if the calculated estimate above is not reasonable for your institution.

Based on the information provided above, would you like to report a more accurate number for FTE enrollment?	○ Yes	⊙ No

12-Month Enrollment Component Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR.
